# DAY-WISE COMPARISON

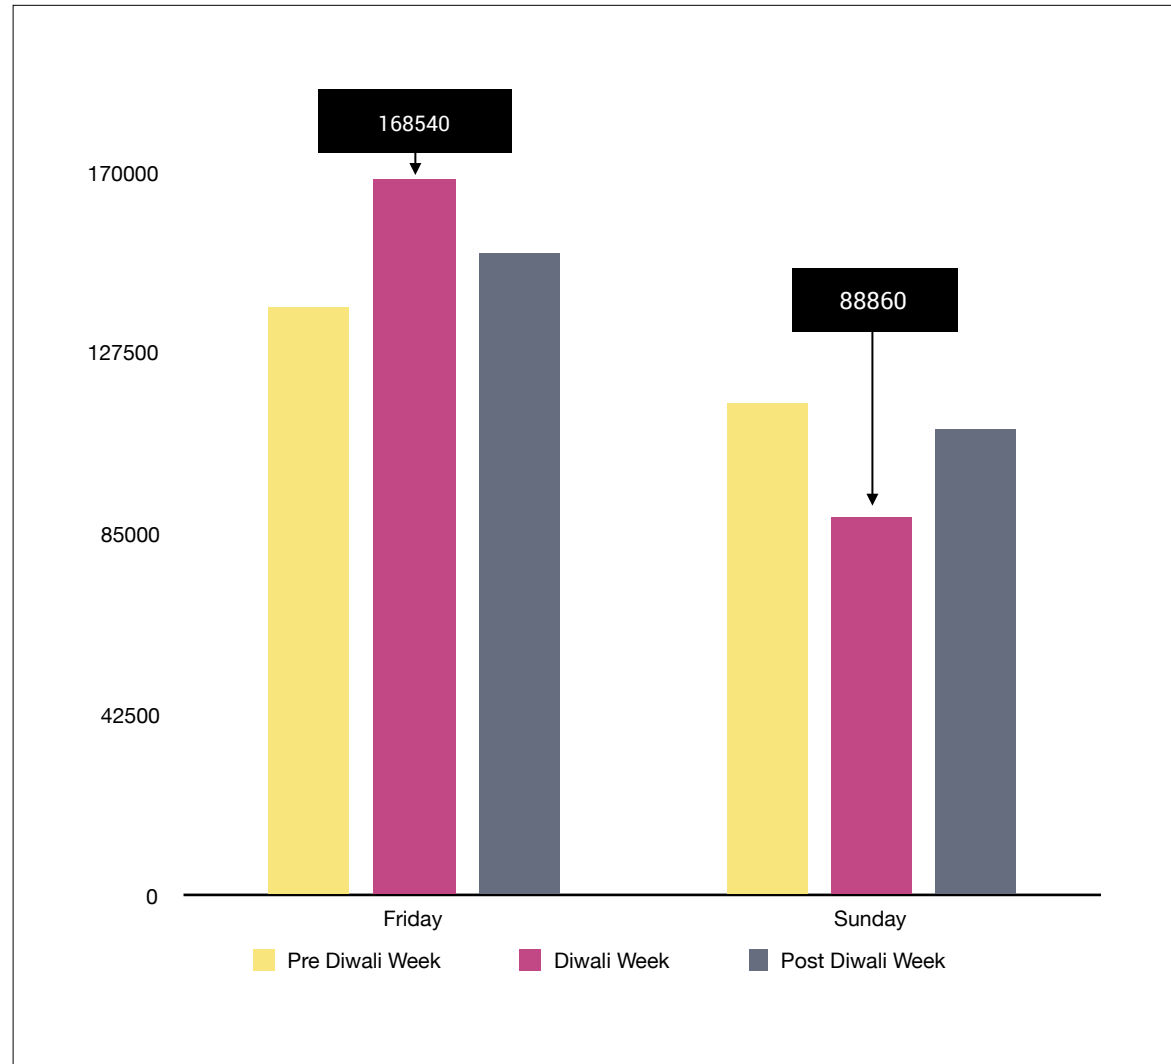

The graph below shows analysis of traffic count done for pre Diwali, Diwali and post Diwali week and outliers are noticed on Friday and Sunday of Diwali week.

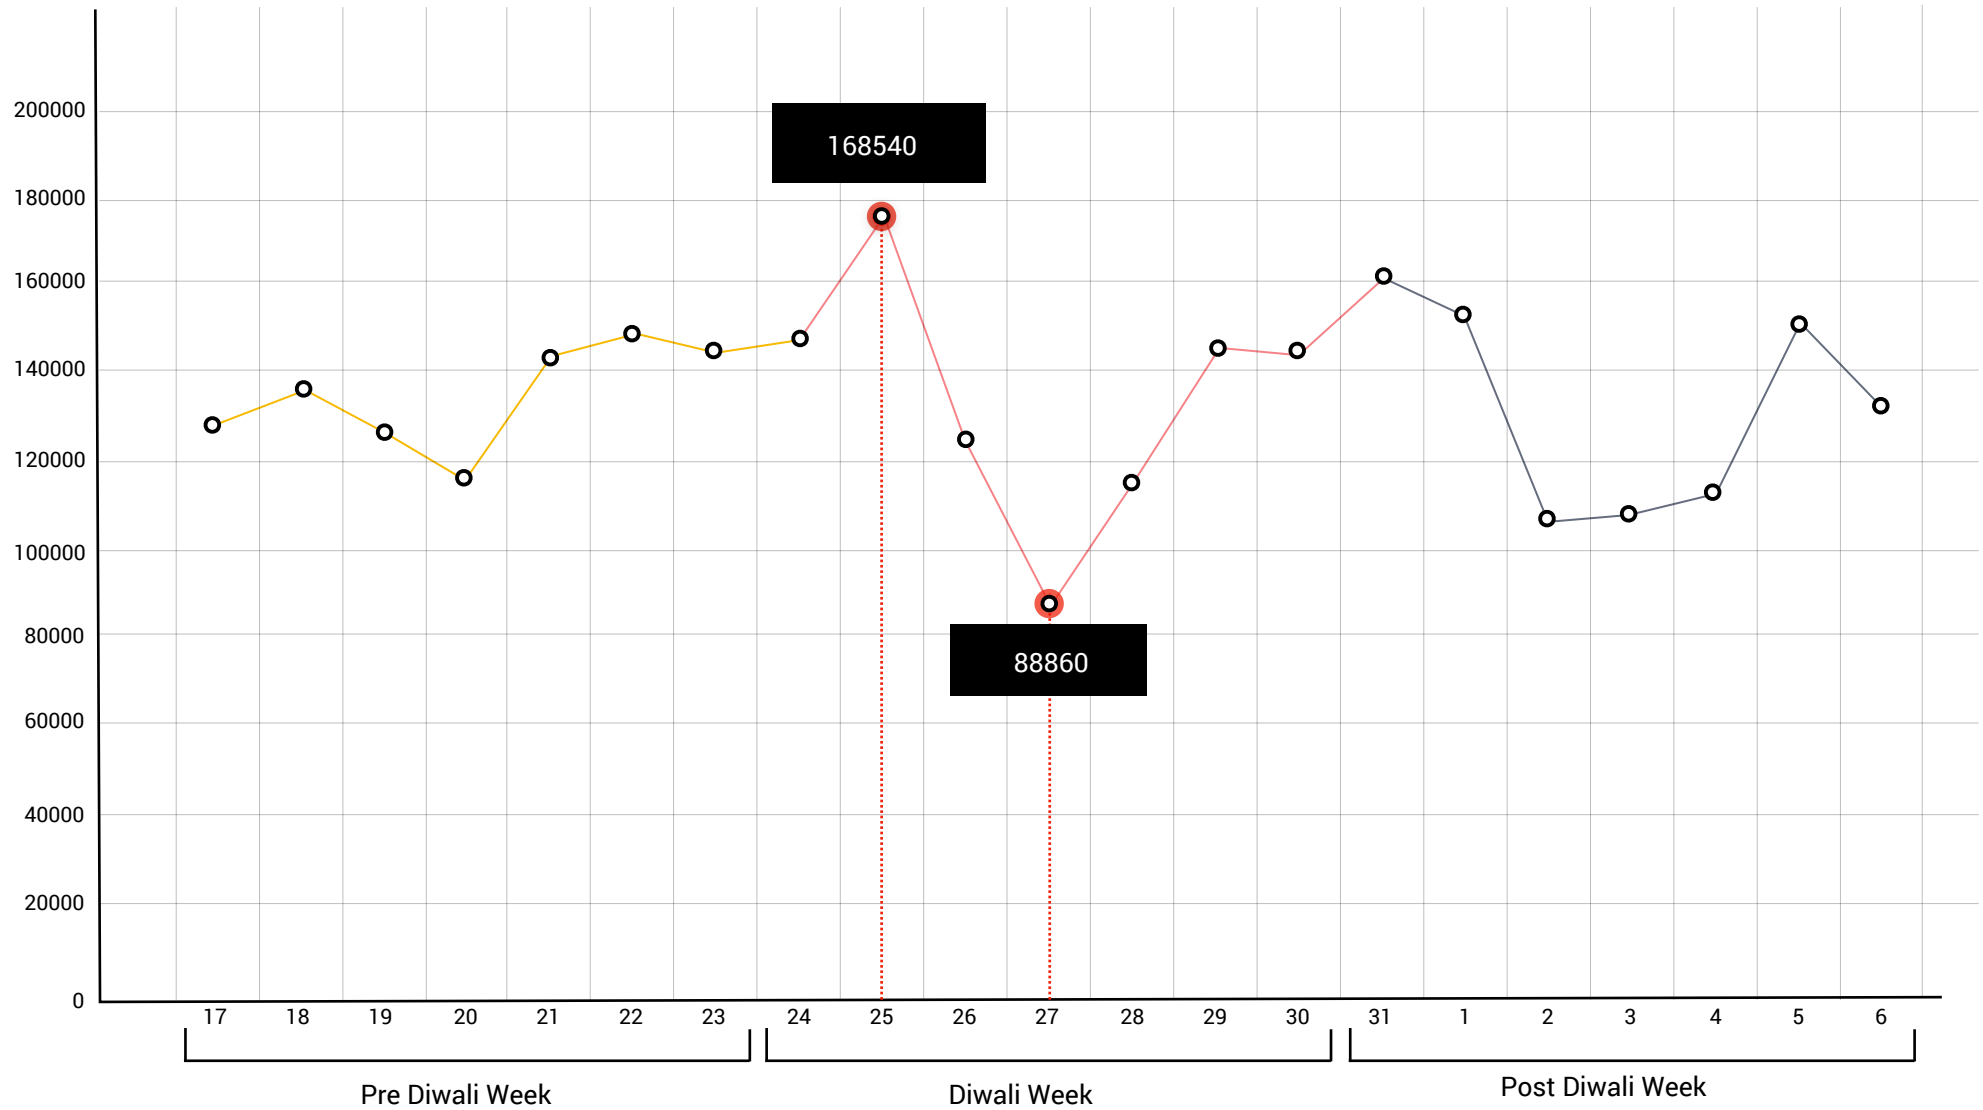

## PECULIARITY DURING DIWALI

On analyzing the traffic data count, we conclude that during Diwali week there was a sudden change in the usual traffic trend. On Friday prior to Diwali the count increased, while on the day of festival itself (Sunday), the traffic count dropped in an unusual manner .

Date	Pre Diwali Week	Diwali Week	Post Diwali Week
Thursday	128220	146760	160140
Friday	138420	168540	150600
Saturday	126960	123000	133620
Sunday	115860	88860	109680
Monday	143160	115140	131820
Tuesday	149160	142500	141180
Wednesday	144360	142440	133620
